me: http://pastebin.com/gsR8HEwN
me: At least five recent articles on Trapwire from Australian outlets including Sydney Morning Herald have been removed without explanation
me: not edited, corrected, but entirely removed
me: at least four different major outlets
me: also removed with no explanation, older articles that mention Cubic's bid to operate security on London and Aussie public transportation
me: Cubic owns Abraxas, which spun off Abraxas Apps, which created Trapwire
